

# KHAAD BHARAT

Biochar for Better Harvests

# What is Biochar?

Biochar is a special type of charcoal made from agricultural waste.

- ✓ Made from crop leftovers (rice husk, stalks, wood)
- ✓ Improves soil health and water retention
- ✓ Increases crop productivity
- ✓ Environmentally friendly and sustainable

# Benefits for Your Crops

Why farmers choose  
KHAAD BHARAT:

 Increases yield by 15  
-25%
